

All Saints' Day Mass

At St. Alexander School for the past few weeks, Mrs. Plocharczyk's and Miss Huguelet's Fourth Grade classes have been studying the saints and All Saints Day. Each child researched their chosen saint and was required to write a one-page report on the information they found. Along with their report, each student was to design a symbol to represent their saint and draw it on a piece of cloth. The cloth was sewn together to make a quilt, one for each class. The quilts were hung in the vestibule of St. Alexander Church, and then moved to their respective classrooms after November 3rd. Each student represented their saint at the All Saints' Day Mass on November 3rd. All the students enjoyed learning about St. Alexander, the patron saint, as well as all the other saints and feast day festivities that commemorate those saints.
